

Kunen Fest : Topology and Set Theory Conference

April 3-5 2009, University of Wisconsin Madison

A conference in Set Theory and Set Theoretic Topology in honor of Ken Kunen. Held in the Department of Mathematics, UW Madison from April 3-5, 2009.

Participants:

Erik Andrejko - University of Wisconsin - Madison
Mirna Džamonja - University of East Anglia - Norwich
Ramiro de la Vega - Universidad de los Andes - Bogotá
Ali Enayat - American University - Washington
William Fleissner - University of Kansas - Lawrence
Joan Hart - University of Wisconsin - Oshkosh
Istvan Juhasz - Hungarian Academy of Sciences - Budapest
H. Jerome Keisler - University of Wisconsin - Madison
Michael Kinyon - University of Denver - Denver
Kenneth Kunen - University of Wisconsin - Madison
Arnold W. Miller - University of Wisconsin - Madison
David Milovich - University of Wisconsin - Madison
William Mitchell - University of Florida - Gainesville
Dilip Raghavan - University of Toronto - Toronto
Judith Roitman - University of Kansas - Lawrence
Frank Tall - University of Toronto - Toronto
Stevo Todorčević - University of Toronto - Toronto
Katherine Thompson - Kurt Gödel Research Center - Vienna
Jan van Mill - Vrije Universiteit - Amsterdam
Boban Velickovic - Université de Paris 7 - Paris
Andrés Villaveces - Universidad Nacional - Bogotá
