

Call for Papers

Special issue in honor of Henk van der Vorst

In May 2009, Henk van der Vorst, well-known for his contributions in the field of numerical linear algebra, will celebrate his 65th birthday. A special issue of *Linear Algebra and Its Applications* will be devoted to this occasion. You are kindly invited to contribute to this special issue.

All papers will be subject to the standard reviewing procedure of LAA. The theme of the issue will be “Algorithms and their Analysis”, and of course, links with the works of Henk are encouraged. For more information and inspiration, you may visit the web site <http://staff.science.uva.nl/~brandts/HENKvdVORST/> which served to support the one-day retirement symposium that was organized for Henk in July 2006.

Please submit your contribution to one of the special editors listed below. The deadline for submission is June 1, 2008, in order for the special issue to be printed and published as close to Henk’s 65th birthday as possible.

Jan Brandts
University of Amsterdam
Netherlands
E-mail address: brandts@science.uva.nl

Bernd Fischer
Universitaet zu Luebeck
Germany
E-mail address: fischer@math.uni-luebeck.de

Andy Wathen
Oxford University
United Kingdom
E-mail address: andy.wathen@comlab.ox.ac.uk

The responsible editor-in-chief for this special issue is Richard A. Brualdi.
