Instructor: Prof. Steffen Lempp (517 Van Vleck Hall, phone: 263-1975, email: lempp@math.wisc.edu, web page with homework and exam information: http://www.math.wisc.edu/~lempp)

Office hours: Tuesdays and Thursdays 2:20-3:20 p.m., or contact me after class or by email.

Text: Varberg, Purcell, Rigdon: Calculus (Prentice Hall)

Homework: Assigned each Thursday (starting January 22) at the beginning of lecture and due the following Thursday at the beginning of lecture. Homework is the most important part of this class, so you should expect to spend a considerable amount of time on it. You must prepare your homework assignments on your own (but are encouraged to work on similar problems with others). There will be no credit for copied or (unexcused) late homework. Valid excuses for late homework are illness or family emergency.

Exams: Two midterm exams (Mondays, February 23 and March 29, 5:30-6:30 p.m.) and one final exam (Thursday, May 13, 7:25-9:25 p.m.). Makeup exams will be allowed only for unavoidable conflicts and with the instructor’s (not the TA’s) permission. No calculators will be allowed during exams.

Grades: Based one fifth on homework, one fifth each on each of the two midterm exams, and two fifths on the final exam.

Syllabus: We will cover Chapters 8-10, 18, and 12-14 with some omissions.

Getting Extra Help

You have a number of options:
1. Office hours of the TA’s and the instructor.
2. Regular tutoring by the Mathematics Tutorial Program (requires referral by instructor, see http://www.math.wisc.edu/~tprogram)
3. Drop-in help in the math department’s Math Lab (for location and schedule see http://www.math.wisc.edu/~mathlab).
4. Drop-in help at GUTS/HASH at several locations on campus (for locations and schedules see http://guts.studentorg.wisc.edu).
5. Math Board across from room B207 Van Vleck Hall (to find people interested in studying with you).
6. Private tutors: The math receptionist on the 2nd floor of Van Vleck Hall has a list of available tutors.
