

How to find/relocate lost WebAssign Assignments on Canvas

Problem: If we import an assignment from Canvas, then delete it completely on Canvas, and then modify it on WebAssign and re-import it, the assignment sometimes doesn't show up at all in the "Assignment" Tab under "Imported Assignments." In the worst case, "Imported Assignments" doesn't show up at all!

Update (08/31/2020): The Issue has been reported to WebAssign, but it might be on Canvas' end, so not clear when this bug will be fixed.

In this example, I imported "**Demo for Exams**" once before, then deleted on Canvas, modified on WebAssign, then re-imported, and it doesn't show up anywhere on "Assignments" Tab.

Step 1. Go to "Assignments" on Canvas, then click "Add Assignment"
